

4th WIVIS – 4th Workshop on Interactive Data Visualization

Rio de Janeiro, June 6th, 2013

Call for Posters

The 4th **WIVIS Poster Track** offers a timely venue to present and discuss visualization research and applications through a forum that encourages graphical presentation and in addition to a poster being displayed throughout the workshop. Case studies in all application areas are welcome. Examples of appropriate visualization work include, but are not limited to:

- research exploring new problems or areas,
- the results of student, pilot projects, work in progress, and
- new angles on existing (collections of) work or known data sets.

SUBMISSION INSTRUCTIONS

Poster authors must submit a two-page summary of their work in a two-column format in line with the IEEE VIS formatting. Summaries can be written in Portuguese although we encourage authors to submit in English. It should include a concise description of the idea, the results or findings, supporting imagery and figures, and a brief discussion of the implications of the work to the selected domain. Full literature searches are not expected, although relevant citations should be included.

Please find formatting guidelines at: ieevis.org/year/2013/info/call-participation/posters

Note that we adopt the submission format of Visweek 2013. Once the summaries are not to be published, this could be considered as a forum to discuss and further enhance your work to be submitted as a poster for Visweek 2013, which deadline is June 27th, 2013.

IMPORTANT DATES

Submission Deadline: May 5, 2013

Notification: May 12, 2013

POSTER SESSION

Authors of accepted posters are required to bring an explanatory hardcopy poster for display during the Workshop. They should be available at the poster to discuss their work during the scheduled poster session(s). The posters themselves have no predefined formatting, but dimensions may not exceed A0 or A1 paper size. All authors who plan to show live demos or video should bring a laptop to the poster session and advise the organizers in order to have tables provided.

POSTER REVIEW PROCESS

Each poster submission will be read and evaluated by at least two reviewers. Submissions will be evaluated according to originality, significance, suitability for the venue (levels of interest, relevance) and the potential for prompting discussion. All authors will receive reviews of their submission explaining the decision and providing feedback. Authors of posters that are accepted are expected to address any recommendations and conditions of acceptance prior to final submission.

CONFERENCE CHAIRS

- Carla Dal Sasso Freitas, UFRGS, *Rio Grande do Sul, Brazil*
- Asla Medeiros e Sa, EMap/FGV, *Rio de Janeiro, Brazil*

For submitting your poster, or ask for details about the conference, please email: 4thwivis@gmail.com.
